

2012 AGC of NH Committee Sign-Up Form

AGC of NH's committees were designed to keep our members on top of the latest construction industry issues. The Chapter hosts a wide range of committees that meet at various times throughout the year. Taking part in these groups is the key to maximize your AGC membership. So sign-up today and help us make the important decisions that will affect you and your company!

If you are currently serving on a committee and wish to continue in 2012, please email your committee's contact person to let them know you wish to continue, as the committees are re-established yearly.

Anyone not on a committee, who wants to join, also needs to submit a form. After the sign-up deadline has passed and all the forms have been collected, the incoming president chooses the members for each committee, and its chairperson. Those selected are contacted soon after the selection.

Building Committee

Review building industry issues such as codes, construction methods & contract documents and meets with agency leaders & potential owners to discuss current industry issues.

Environment Committee

Work with various agencies to review and comment on environmental rules & regulations on topics such as turbidity, stream crossing, wetlands, permits, shoreland protection, etc.

Highway Committee* (New Committee)

Review highway issues such as Davis Bacon wage rates, design build, Every Day Counts efforts, future legislation, MSHA, OSHA, truck restrictions, and meet with state agencies.

Highway Specification Committee

Meet with State officials to discuss & comment on highway specification changes.

Legislative Committee

Review legislative bills and recommend AGC's action to the Board of Directors.

Human Resources Committee

Discuss topics such as labor laws, employee benefits, employee relations, healthcare, workers compensation, etc.

Please check this box if you are interested in being chair of a committee in the future
